## How can I force the rendering of OSM?

- 1. show the part of OSM in your browser where you made the changes
- 2. mouse -> right button -> klick
- 3. copy URL
- 4. open a new TAB
- 5. insert the URL in the URL line

see: http://b.tile.openstreetmap.org/18/141359/93453.png/
